

DETERMINATION OF NONSIGNIFICANCE

Description of proposal: Refer to FPA 2413911. The proposal is for 800 feet of road construction on an old existing road grade; and multiple culvert installations over Np and Ns streams on an existing road. The proposal is to improve the condition of the road by constructing a full-bench road prism which will reduce the likelihood of road failure. The culvert installations are all upgrades and will improve the stream hydrology.

Proponent: Muckleshoot Indian Tribe
39015 172nd AVE SE
Auburn, WA 98092

Location of proposal, including street address, if any: Section 7, 17, 18 Township 21 North, Range 9 East, W.M.

Lead agency: Department of Natural Resources

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21c.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.
